

## Caroline Stephens NPR/KQED Interview on Antipsychotics in Nursing Homes

May 28, 2015

Caroline Stephens, PhD, MSN, APRN, BC, was interviewed by National Public Radio about her work on caring for older adults, specifically persons with dementia. *Calming Dementia Patients ? Without Powerful Drugs* is available at the KQED website (<http://ww2.kqed.org/stateofhealth/2015/05/20/calming-dementia-patients-without-powerful-drugs/> [1]). Listen and comment on the bottom of the webpage in the "comments section". Share with colleagues!
